Opening Doors and Minds to Wayne County Manufacturing

9th Annual Manufacturing Day was a success!

The ninth annual Manufacturing Day was a great success as students from the local schools were able to visit 14 manufacturers across Wayne County! The students participated in hands-on activities, saw automation in action, learned about the various career paths available in the manufacturing field, and witnessed many of the cool things that are made locally.

Manufacturing Day is an annual event where high school students have the opportunity to visit top employers in Wayne County. It is a mutually beneficial program that connects the future workforce with employers in need of skilled labor.

Thank you to these manufacturers for participating in the day:

Leadership Wooster Education Day was full of learning!

November brought another insightful day to the Leadership Wooster class for Education Day. To kick it off, a panel of superintendents across the county shared their vision and experiences in the local schools. The class then traveled to Ida Sue where they learned about the numerous services the school provides and toured the facilities.

A highlight of the day was the presentations at the Wayne County Schools Career Center, where students shared about their programs and provided demonstrations. For lunch, the class traveled to the newly renovated Lowry Center at the College of Wooster. There, they heard from a panel of higher education experts from local institutions. It provided a helpful Q&A time as the class explored the enrollment and acceptance processes in higher ed.

At the end of the day, the class participated in a valuable Leadership Connection activity, led by Rodd Welker of Eagle Advisor Group. Each class member took a DISC assessment and they learned about their various leadership styles, strengths, and weaknesses. They learned how each style is valuable in the workplace and how they can all work together. It was an overall great day of learning!

Upcoming Educational Series will cover Ohio's New Recreational Marijuana Law

Kimberly Hall
Partner, Critchfield, Critchfield & Johnston

As an employer, you may have questions about the new law that passed about the recreational use of marijuana and what that means for your organization. The Chamber invites you to join us for an Educational Series with Kimberly Hall, an attorney with Critchfield, Critchfield & Johnston, on December 5 at the Chamber's conference room at 8 a.m. as she covers:

- Employment-related provisions in the recreational marijuana law.
- Key considerations for employers as they evaluate their policies and practices applicable to Ohio employees.

Kimberly Hall is an attorney out of Critchfield, Critchfield & Johnston's Wooster office and is certified as a specialist by the Ohio State Bar Association in Labor and Employment Law. She assists employers in complying with state and federal employment laws, provides training to employers and assists with developing employment policies.

Light breakfast refreshments will be provided. We hope you can join us for this informational session!

2023 Board Chair Reflects on the Year

Michael McClintock,
President,
McClintock Electric
2023 Board Chair

It's been my privilege and honor to serve as Chair for our Chamber throughout 2023. Although I was of course very familiar with the myriad number of programs and events our Chamber offered, working closely with Samira, her staff and our Board of Directors gave me a deep appreciation and understanding of the positive impact we make on our members and the overall community.

I was also very fortunate to assume my role with an organization that has remained fundamentally solid year after year because of previous strong leadership. Much of what I already believed to be integral to our mission of being an advocate for members in areas such as legislative advocacy and workforce development was already established, thereby giving me the opportunity to further those causes. I also enjoyed bringing monthly topics to our Board Meetings to better educate ourselves on what the Chamber does to further economic growth in our community.

I am grateful to the Chamber team and our members for allowing me to lead the Chamber throughout 2023 and look forward to working with Samira, her team and new leadership in 2024.

— *Michael McClintock*

Thank you to our Outgoing Board Member!

The Chamber is consistently led by strong leaders who volunteer their time and expertise to the organization's Board of Directors. This year, the Board has one member who has fulfilled his term which concludes at the end of 2023. Thank you for your time and dedication to the organization!
