## You are invited to the 33rd Annual Wayne County Home & Garden Show

Join us for Wayne County's premier Home & Garden Show on April 27, and April 28 at the Wayne County Fairgrounds. This family-friendly event is well-known in the area and has featured over 200 exhibitors in the past. The show offers a myriad of services that will transform homes and lawns, and it is free and open to the public. It is the perfect venue to help turn home improvement projects into reality.

With children's activities, a plant sale, and traditional fair food concessions in addition to exhibits, the event offers something for everyone. We anticipate an attendance of approximately 15,000 visitors to the show throughout the weekend, which ensures ultimate exposure for businesses.

Participation in the show includes exhibit space, backdrops and side curtains (where applicable), electric and water, plus advertising to over 60,000 households. The show will also be promoted to surrounding counties through radio, billboards, flyers, posters, and newspaper advertisements.

### Participate in this years event!

If you're interested in participating, please visit our website [woosterchamber.com/wayne-county-home-garden-show](http://woosterchamber.com/wayne-county-home-garden-show). Applications received by **Friday, Feb. 16** will receive an early bird discount. We look forward to having you join us for this fun-filled weekend!

## ❖ Lemonade Day

### Support the next generation of business leaders through a Lemonade Day sponsorship

The Wooster Chamber is proud to, once again, bring Lemonade Day to Wayne County and to be among the nearly 100 communities hosting the day locally in 2024! Save the date for Saturday, June 8, when kids will set up their lemonade stands across Wayne County.

Due to the support of our generous sponsors in 2023, we were able to engage over 27 youth across Wayne County and we are looking to help an even greater number of youth realize their potential in 2024! Last year, we hosted two Lemonade Day Workshops to help kids and their mentors brainstorm for their businesses and we look forward to facilitating those again this year. We invite you to share in this opportunity to plant the seed of entrepreneurship within the next generation and create the business leaders, social advocates, community volunteers, and forward-thinking citizens of tomorrow.

An investment in Lemonade Day will ensure the materials, curriculum, and all events are free to every kid who participates in Wayne County. As a supporter, you will foster a one-of-a-kind experiential learning opportunity that impacts character, teaches financial literacy and business acumen, engages mentors, and provides hands-on experiences for kids to make a profit, save some for a rainy day, and give some to a charity of their choice - all while squeezing as much fun out of the experience as possible!

## Lowe and Young celebrates their recent expansion with a ribbon cutting

Congratulations to Lowe & Young on their official ribbon cutting for their expanded parts and service center!

In 1949, Roy Lowe Jr and Don Young started the legacy of Lowe and Young. They first started selling Minneapolis Moline tractors and operated a gas station in front of the dealership. In 1952, they began selling New Holland hay and forage line of equipment, and in 1959, they took on the Massey Ferguson line of equipment. As Lowe and Young grew with the additional lines, they added a 25 x 100 ft addition on the west side

of the building for sales and accounting offices. Since then, they have continued to add new lines of equipment and grow the business. The latest expansion is the product of a dream that started in 2017 to expand their parts and service centers.

They trust that you will find Lowe & Young to be a valuable resource for new and used farm equipment. They offer a large selection of New Holland, Massey Ferguson and Fendt tractors as well as New Holland and Krone hay and forage equipment with the service and parts to back them up.

## Boys and Girls Club of Wooster is celebrating 10 years!

Ten years ago, the world was very different for kids. Options for quality after-school programs and necessary services for families were not as available. It was in that world that caring, concerned school staff and community leaders banded together to form a fledgling nonprofit that would grow into a change-making, innovative organization that positively affected and improved the landscape for children and families of all abilities throughout Wooster.

2024 marks the 10th anniversary of Boys & Girls Club of Wooster. Since their

first day of Club in January of 2014, they have worked hard to make a difference in the lives of young people by providing safe places and structured programming. And now it's time to celebrate! All of Wooster played a crucial role in the enduring history of the Club and they encourage you to participate in the storytelling and celebration this coming year.

# Learn How to Maximize Grants and Incentives for Energy Efficiency Projects and Reduce Your Energy Costs

With electric and natural gas rates skyrocketing, many businesses are turning to energy efficiency measures to reduce their energy costs. During this session, we will discuss what options are available from solar to LED lighting and why now is a great time to take advantage of all of the new rebates, incentives, and grants available.

On Thursday, March 14, Rick Davidson and Kathy Elseser with Community Energy Advisors will share how they can connect you with opportunities to save on your energy efficiency upgrades. This session will be held at the Wooster Chamber from 11:30 a.m. - 1 p.m. Lunch will be provided.

The Chamber Energy Program provides energy supply solutions for our members' homes, small businesses, and large commercial operations. The Chamber Sustainability Program helps members reduce their energy costs by connecting them with effective efficiency solutions and project funding and financing.

### In this free educational seminar, you will learn:

- Efficiency measures that can help to drive down your monthly energy bill
- Financing options to fit your budget and objectives (including on-bill financing)
- Maximizing your project ROI with incentives and grants available through a combination of federal, state, and local programs
- Best practices for responding to vendor and customer pressures to become sustainable
- Electric and natural gas supply procurement strategies to lower your remaining utility costs

In 2023, we assisted customers in applying for over \$2,000,000 in state and federal grants. Don't miss out on these project funding opportunities. Attend our seminar to learn more!

## ❖ Leadership Wooster

### Leadership Wooster explores Arts, Religion and Inclusion

The January Leadership Wooster session was focused on Arts, Religion, and Inclusion in our area.

❖ The day started with a group activity called “Don’t Put People in Boxes”. The class then traveled to Wayne Center for the Arts where they toured the building and learned about their various programming opportunities. The class continued on to Local Roots learning about the artisans featured and the structure of the market. Artfind Tile was a quick walk down the street where the class heard about the different tiles available and the process that they offer for design. The class traveled to First Presbyterian Church to learn about Night

to Shine and how to get involved with the event before a tour of the church.

The team from Certified Angus Beef presented on Diversity in the Workplace before the group enjoyed religion roundtables. The class then traveled to Freedlander Theater to learn about Ohio Light Opera and tour the theater. The day ended with a CQ your Bias activity with Rodd Welker of Eagle Advisor Group.
