May Recap: First Responders & What Do They Need From You?

Chief of Police, Matt Fisher, discusses the importance of being vigilant at all times.

Fire Chief, Barry Saley, explains what you can do to help firefighters at the scene of an emergency.

The Wooster Area Safety Council congregated on Wednesday, May 23rd at First Presbyterian Church for their May meeting. Chief of Police, Matt Fisher, and Fire Department Chief, Barry Saley, educated the group on what citizens can do in emergency situations to make the first responders' job easier.

Chief Fisher opened the joint presentation by talking about what you can do to make their job easier. According to Fisher, the most important thing a citizen can do is don't be an easy target! Pay attention, be aware of your surroundings, don't leave valuables unlocked in your car, etc. Another important thing you can do is to be a good witness. If you witness a crime or accident, be able to give first responders an accurate description of the suspect and what directions they went. By giving accurate information, you make

it easier for the police to locate the suspect. During the second half of the presentation, Chief Saley talked about how knowing your emergency plan is the best thing you can do to help. Also, if there is a false alarm, contact dispatch as soon as possible as it will keep the first responders safe from a possible wreck while responding. By doing these things, you can help first responders tremendously in an emergency situation.

The Chamber would like to thank Chief of Police, Matt Fisher, and Wooster Fire Department Chief, Barry Saley, for taking time out of their busy days to speak at our May meeting. We would also like to thank Gioninos for catering the lunch. We look forward to seeing you next month.
