We would like to express our gratitude to the Lehman's team for hosting such a great event for our members.

Safety Council

July & August Safety Recap: Healthy Living & Crisis Management

Samantha Sathre, Education Coordinator for the Alzheimer's Association, talks about the benefits of exercising your mind.

Director, Joe Villegas, addresses Crisis Management and Communication.

The Wooster Area Safety Council began the Safety Council year by meeting on Wednesday, July 25th. The group heard from Samantha Sathre, Education Coordinator for the Alzheimer's Association. Samantha addressed the topic of Healthy Living for Your Body and Mind. Samantha began by explaining the differences between the various forms of Dementia, including Alzheimer's Disease. She then talked about the importance of keeping your mind healthy when it comes to preventing Alzheimer's Disease.

According to Samantha, eating right and exercising your brain are two important things to do on a daily basis.

The Wooster Area Safety Council also met on Wednesday, August 22nd to hear from Joe Villegas, Director of the Wayne County Emergency Management Agency. Joe addressed Crisis Management and Communication. According to Mr. Villegas, a Continuity of Operations Plan is one of the most important things to have when it comes to crisis management.

Although this does not mean assigning a new boss if disaster strikes, it does mean making sure that there is a leader in charge when it comes to getting operations up and running.

The Chamber would like to thank both Samantha and Joe for taking time to speak to the Safety Council. We would also like to thank both TJ's and Village Catering for supplying the food for the meetings.

The Wooster Area Chamber of Commerce presents a Professional Development Luncheon

What Does it Take to Impress an Employer?

Personal Traits, Skills and Characteristics Most-desired among Today's Leaders

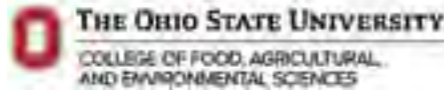

Join us Tuesday, September 18th @ 11:30am for lunch at the Wooster Area Chamber of Commerce - 377 West Liberty Street, Wooster

Kim asked business and organization leaders across industries what they value most among the people who work in their organizations. The responses tell a strong, but probably not surprising story about the significance of what she calls the important skills.

In this session, you will hear what Kim has learned about attitude and getting out of the victim mindset (she'll even share one of her most embarrassing stories about having a bad attitude and victim mindset), you will learn how accountability and finding common ground with others in your organization can have a big impact on your professional relationships, you will also identify some of your own barriers to listening and explore how best to deliver varying types of messages. (Should you really send your boss that text message?)

Building Business & Strengthening Community

What's Going Down Around Town

On Tuesday, September 4th, the City of Wooster, along with the Chamber and Main Street Wooster, will unveil the new Downtown Center Green space! After months of hard work from both city officials and members of the Simonson Construction team, the new downtown space will officially be open to the public. The new quad area features a large awning, tables, chairs, and multiple planters. The Chamber is excited to see this new space being utilized by the Wooster community!

RBB will celebrate their 45th anniversary this year! However, their October Open House will also double as the Grand Opening of their new expanded headquarters on Old Mansfield Road. The move, which took place throughout the month of June, helped increase the company's square footage by about 50%. The Chamber congratulates RBB on not only 45 years of business, but also on their move!

BCI Buckeye Division celebrated its 60th Anniversary of being part of the Wooster Community on Wednesday, August 29th. The corrugated packaging manufacturer, started in Wooster in 1958 under the name Buckeye Container. The Wooster branch is the first and largest of the 10 divisions spread across the United States. "BCI Buckeye Division is proud to be a contributing member of the Wooster community for 60 years. Several of our Wooster associate/owners have started and completed their careers with BCI Buckeye Division. We are very appreciative of the support provided by the Wooster Area Chamber of Commerce. Justin and his team are easy to work with and are genuinely committed to the best interests of our community. The Wooster business community is a special group", said Division President, Jack Nebesky. The Chamber would like to congratulate BCI Buckeye Division on 60 years!

Chamber Visits Area Businesses

During the month of August, the Wooster Area Chamber of Commerce visited two member businesses. On August 16th, the Chamber visited Wooster Color Point, a printing and design shop located along W Old Lincoln Way. Owner, Heather Henthorne, showed the staff the shop and explained that they are much more than just a printer! They specialize in anything from booklets to cups and bags.

Owner Heather Henthorne shows the metal plate helps to print the designs.

General Manager Brock Hartzler explains the process that goes into producing Hartzler Family Dairy Milk.

On August 23rd, the Chamber visited one of the county's oldest and biggest attractions, Hartzler Dairy on Cleveland Road. New General Manager, Brock Hartzler, as well as owners Joe and John Hartzler, gave the group a tour of the Ice Cream Shop and bottling facility. One key takeaway from the visit is the way the Hartzlers process their milk. The Hartzlers also put a strong focus on community and buying local as all raw milk is brought in from local farms in Wayne County.
