FRIDAY, OCTOBER 11, 2019

Participating Businesses

17 local manufacturers to host more than 700 students – The 6th annual Wayne County Manufacturing Day, scheduled for Friday, October 11, 2019 will feature more local manufacturers and student participants than in previous years. With a growing interest from the manufacturing sector to connect with students and education, Manufacturing Day has continued to grow and is now recognized as the premiere event that builds awareness of local career opportunities. The Wooster Chamber, in partnership with the Orrville Chamber and Wayne Economic Development Council are thrilled that the event continues to expand and that participating manufacturers see the value that the day presents to their company. With an extremely tight local labor market, Manufacturing Day aims to connect today's students with tomorrow's local opportunities. Recognized as the most important industry to our local economy, the strength of the Manufacturing sector is vital to the future prosperity of our community and the Chamber is thrilled to be able to support the overall management of this event.

Safety Council

Upcoming Safety Council: Drones

Josh Grappy
Digital Forensic Analyst - UAS Program Coordinator

The next Safety Council meeting is scheduled for October 23. Josh Grappy, Digital Forensic Analyst - UAS Program Coordinator will present on DRONES - Commercial uses, regulations and best practices.

This presentation discusses the various industries currently using drones for increased efficiency and safety. Also discussed are the current FAA regulations required to operate commercially and the best practices involved to ensure safe operation. Additional topics include how BWC is using drones and the types of assistance they can provide to Ohio employers interested in creating their own drone program.

Josh oversees the Unmanned Aircraft Systems (UAS) program for the Ohio Bureau of Workers' Compensation. The UAS program uses drones to document catastrophic workplace accidents investigated by the Safety Violations Investigation Unit. Josh also works as a Digital Forensic Analyst within the Special Investigations Department and is an 18 year BWC employee.

Safety Council meets monthly from 11:30 a.m.-1 p.m. at First Presbyterian Church, 621 College Ave. Wooster, OH 44691.

Safety Council Recap: Managing care for your bottom line

Wooster Area Safety Council met on September 25 to hear Dr. Perry Williams of MedPro Group speak about Managing care for your bottom line: Achieving better outcomes for both employer and employee.

Approving a claim quickly can lead to an employee returning to work sooner. The sooner the injured employee can access treatment the sooner the worker can return to being productive. The goal is to prevent injuries in the first place, but once an injury occurs the goal should be to seek treatment quickly.

Accelerated care means accelerated recovery and that can reduce overall claim costs for an employer. Dr. Williams is a board certified occupational medicine specialist. He received his medical degree from American University of the Caribbean School of Medicine and has been in practice for 25 years. He is also certified with BWC, is DOT certified and is a certified medical review officer.

Thank you to Omaha Bob's BBQ for catering the luncheon.

Shop Small

Get ready for Small Business Saturday on Saturday, Nov. 30!

Believe it or not, the holidays are just around the corner!

The Wooster Chamber would like to remind our community how important it is to Shop Small on Saturday, November 30th. In its tenth year, the Shop Small Saturday initiative continues to grow as it competes against other sales events such as Black Friday & Cyber Monday. Shop Small Saturday has become a holiday tradition with a focus on supporting local businesses! Whereas other shopping days place an emphasis on getting "great deals" at big box stores and corporations, Shop Small Saturday brings you deals at local establishments which in turn helps to support our community. Our friends, family, and neighbors are the same people who own or work at locally-owned small businesses. And, events like Shop Small Saturday help keep our local economy strong! So be sure to save the date and make plans to Shop Small! #ShopSmallWoo #LoveLocal
